

**Antes**
100 mL de HCl 6 mol/L
0,6 mol de HCl

**Después**
400 mL de HCl 1,5 mol/L
0,6 mol de HCl

$C_1 \cdot V_1 = C_2 \cdot V_2$: $\quad 6 \cdot 100 = 1{,}5 \cdot 400 = 600$
